

Test & Calibration Certificate

This document certifies that the following instrument has been tested and calibrated to the manufacturer specifications.

- Device Type: **M2010**
- Serial Number: **1440**

- Date of Calibration: **24. November 2006**
- Next Calibration Due: **24. November 2007**

- Results: **PASSED**

(for detailed report see next page)

Tested by: S.Marte

Signature:

Stamp:

Calibration of: M2010
Serial Number: 1440
Date: 24. November 2006

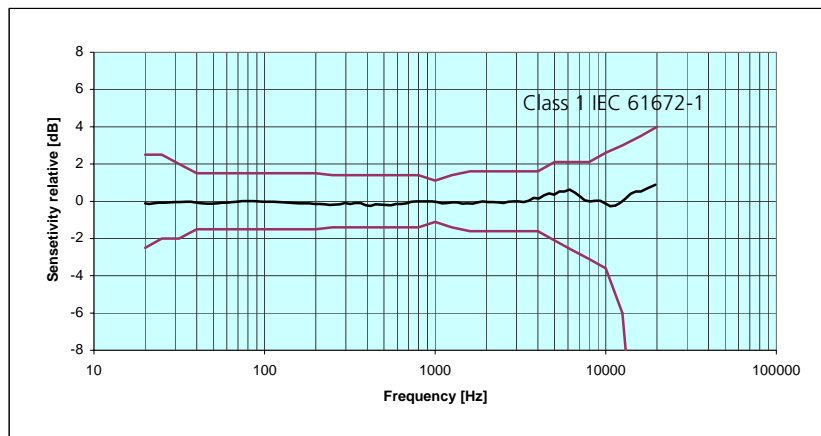

• Detailed Calibration Test Results:

System calibration

Sensitivity @ 1 kHz, 114 dB SPL

23.72 mV/Pa

Frequency response

• Test Conditions: Temperature: **26.2 °C**
 Relative Humidity: **27.1 %**

• Calibration Equipment Used:

- Norsonic Sound Calibrator, Type 1251, S/No. 31218
Last Calibration: 18. Sep. 2006, Next Calibration: 18. Sep. 2007
Calibrated by Norsonic Calibration Laboratory according IEC 60942
- NTI RT-2X, S/No. 0130
Last Calibration: 24. Mar. 2006, Next Calibration: 24. Mar 2007
Calibrated by NTI meeting product specifications
- NTI A2, S/No. 1583
Last Calibration: 17. Aug. 2006, Next Calibration: 17. Aug. 2007
Calibrated by NTI meeting product specifications
