16:30	<b>Workshop closes</b>

**Who should attend:** The workshop is open to all ANC members including UKAS accredited organisations, and those members who are considering joining the scheme.

**Why attend:** This is both a refresher course for existing testers and a comprehensive look at sound insulation testing essentials for more recently registered testers. Take the opportunity to learn from your colleagues and share experience informally as well as through the table discussion sessions. Include on your annual audit as evidence of training.

**Venue:** [The Studio](#) is a conference centre, 2 minutes walk from New Street Station or less than 10 minutes from car parks

**Booking:** complete the booking form [here](#).
