

Options & Accessories

of RT-2M High-speed Audio Analyzer

The following tables list all available options and accessories of the RT-2M.

Firmware Options

Name	Description	NTi Audio #
Speaker Testing PureSound License	for Rub&Buzz detection of speakers & sound correlation, incl. RT-Speaker Production Test Software	820 000 300
Microphone Testing PureSound License	for Rub&Buzz detection of microphones, incl. RT-Microphone Production Test Software	830 000 010

Accessories

Name	Description	NTi Audio #
 Power Amplifier FA400 (2 channel)	The FA400 is a high-performance 2-channel power amplifier tailored for audio test applications in R&D, sampling inspections and mass production. The two channels can be used independently or in bridged mode.	600 061 000
 Measurement Microphone M2010 / M2015	The M2010 and M2015 are compact and accurate measurement microphones with class 1 frequency response for acoustic measurements in R&D and production. They are particularly suited for applications with restricted space available. M2010, 24 - 145 dB SPL M2015, 34 - 155 dB SPL	M2010: 600 040 010 M2015: 600 040 015
 Impedance Box RT-IB	The impedance box is especially tailored for the impedance response- & resonance frequency testing of speakers. (incl. Cables set & XLR-Adapter)	600 010 391

 <p>Input Switcher IS-1002</p>	<p>IS-1002 is a multi-functional audio input switcher with 10 input channels and 2 output channels, featuring individual power supplies for microphones on each input channel.</p>	<p>600 010 425</p>
 <p>Output Switcher OS-0210</p>	<p>OS-0210 is an advanced, multifunctional audio output switcher with 2 input channels and 10 output channels with maximum input current rating of 6 Ampere.</p>	<p>600 010 430</p>
 <p>Precision Calibrator 94/114 dB, Class 1</p>	<p>The precision calibrator ensures accurate sound level measurements. It generates 94 or 114 dB SPL reference tones @ 1kHz for calibration of 1/2" and 1/4" measurement microphones (compatible to all NTi Audio microphones).</p>	<p>600 000 390</p>

Further Accessories

- 70/100V RT-IB Impedance Box
- Environmental Sensor
- TA2010 Mobile Phone Test Adapter
- Artificial Ear & Mouth
- Vibration Alert Sensor
- RT-Speaker DC Resistance Measurement Kit with external multimeter
